

Police Activity in Mesa Ridge Subdivision, September 2004 to February 2005

NOTES

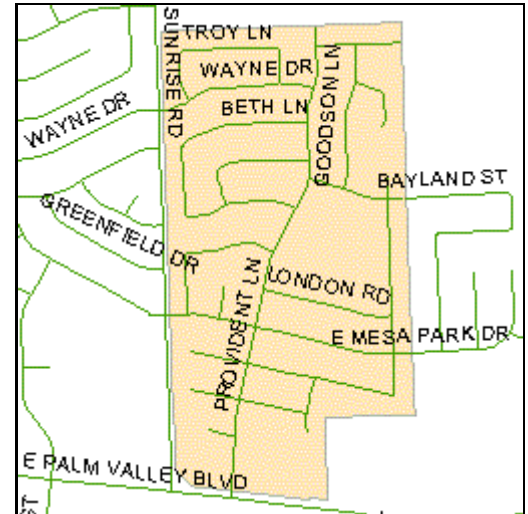

This map shows the streets included in the analysis. Streets outside the subdivision (which is shaded) appear as reference points.

The data source for this analysis is the Police Department's Computer-Aided Dispatch database; these data are drawn from information police dispatchers enter into the computer as calls occur. That being said, the information presented here represents how the original calls came into dispatch and not their final disposition. Thus, some care should be exercised in interpreting these results.

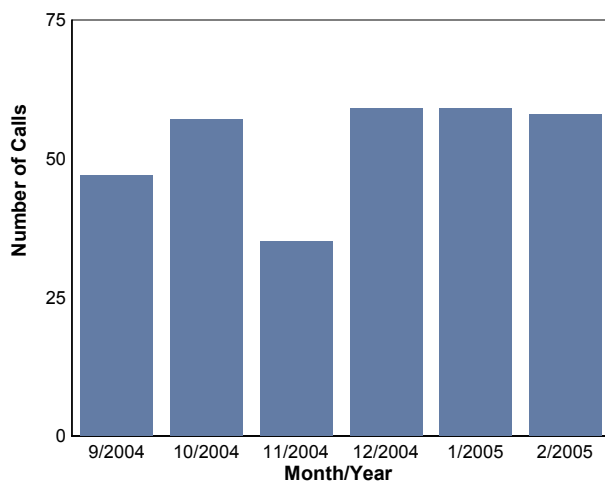

Animal Control and traffic calls are screened from the analysis.

Questions regarding these results, the data or this report should be directed to:
